

EMPYREAN on the go

On May 2025 EMPYREAN project organized the RISE Workshop on Robotic Systems in the Edge-Cloud Continuum, at IEEE CCGRID 2025 in Tromsø – featuring insightful keynotes and strong technical papers.

EMPYREAN - Meeting

On March 27-28, 2025, the EMPYREAN consortium held the fourth plenary meeting of the EMPYREAN project at the Faculty of Computer Science at the Universidad de Murcia. This meeting was a key moment to coordinate the technical progress of our activities and it was a great opportunity to move forward together.

EMPYREAN - Events & Conferences

EMPYREAN through ILVO partner organization, participated in the Future Ready event of Adra - AI-Data-Robotics-Association that took place on 18-19 February 2025, in Brussels. (<https://future-ready.zohobackstage.eu/On-Demand-Solutions-AI-Data-Robotics>)
